MEMORANDUM FOR: Deputy Director (Administration)

VIA: Deputy Director (Plans)

SUBJECT: Organization, T/O, and Functions of the Requirements Staff, OSO

REFERENCES: (a) DD/P memo to ADCO, ADPC, ADSO and Chief, TSS of 8 January 1952, Subject: Organization
(b) ADD/P(A) memo to ADSO and ADPC of 28 Feb. 1952, Subject: Transfer of Intelligence Division Positions and Staff
(c) ADSO memo to DD/A of 13 March 1952, Subject: Organization, T/O, and Functions of Staff D, OSO

1. In accordance with referenced memoranda the dissemination of intelligence information and the operational intelligence support function have been assigned to the Office of Special Operations as "common concern" functions to be performed centrally for the entire DD/P complex. The attached Table of Organization is submitted for the purpose of formalizing this arrangement in terms of positions. In addition, this Table of Organization recognizes the existing consolidation of certain functions such as Reports Control and Technical Guidance (formerly performed by independent units) into a major staff which actually occurred on 5 January 1952.

2. Inasmuch as this Table of Organization contains no new positions it cannot be considered as a firm expression of the personnel requirements of the functions performed by the Requirements Staff. It is rather a formalization of the existing situation in an effort to account for the positions transferred to this Office by reference (b) and to accommodate the personnel presently working in the units involved. Contingent upon later decisions relative to the present personnel ceilings, a revised Table of Organization will be submitted.

Assistant Director
Special Operations
